

Do You Want Long, Heavy Hair?

Then treat your hair well. See that it is properly fed. Growth of every kind demands proper food. Starved hair splits at the ends, turns prematurely gray, keeps short and dry. Then feed your hair. Feed it with proper food, a regular hair-food. Feed it with Ayer's Hair Vigor. Thus help nature all you possibly can toward giving you rich, heavy, luxuriant hair. Ask your doctor about your hair and about Ayer's Hair Vigor. Follow his advice.

Ayer's Hair Vigor DOES NOT COLOR THE HAIR

BREATHING SPELL FOR FRUIT-FLIES

wall would either have to drop the matter, or else set about getting funds in another way.

At this stage it was resolved on the motion of Mr. von Holt to refer further action to a committee consisting of Chairman Judd and Mr. Dowsett. The chairman was authorized to communicate the results of the meeting to the Californian authorities, which concluded the business.

What Entomologist Carnes will say with regard to the quarantine restrictions about Hawaiian fruit to the Coast, is unknown to the members of the board. The fact that an afternoon paper had bruited through its columns an allegation that it knew more about the matter than anyone else connected with the board, was ignored by the members, excepting when it was brought up to be dismissed with the sarcastic observation that it most likely emanated from a man who thought he knew what he was talking about from some extensive experience that he had in the farming line himself. The board showed a great conservatism with regard to this gratuitous information, and was egotistical enough to think that Mr. Carnes would prefer to have told the members what he intended doing, before going to the enterprising afternoon paper.
